"This book is an important contribution to the literature on the Kennedy assassination. By getting the Cuban Government to open up its files, Claudia Furiati has added to our understanding of these historic events. Her book adds new pieces to the puzzle and gives us a clearer picture of what really happened."

OLIVER STONE

Thirty years after the death of President Kennedy, Cuba has opened its secret files on the assassination. These Cuban files reveal new evidence that leads to those behind the plot to kill Kennedy. Supported by extensive use of Cuban State Security Department materials, Brazilian journalist and film-maker **Claudia Furiati** shows how and why the CIA, through those responsible for its anti-Cuba operations, along with the anti-Castro exiles and the Mafia, planned and orchestrated the Kennedy assassination.

ZR Rifle features the first-ever interview with Cuba's chief of counterintelligence, General Fabián Escalante.

Cuban spy chief speaks out

GENERAL FABIAN ESCALANTE

As director of Cuban counterintelligence units monitoring the activities of anti-Castro Cuban exiles in 1963, Escalante is Cuba's most authoritative expert on the Kennedy assassination. From 1976 to 1982, he was head of the Cuban State Security Department (known as G2). He conducted numerous investigations and operations designed to break up CIA plans to subvert Cuba and assassinate Fidel Castro, plans later admitted by the CIA in various U.S. government commissions. In 1978 he directed a special Cuban investigation in response to a request for assistance from the U.S. congressional committee examining the Kennedy assassination.

"Bringing to light the truth about this atrocious murder is the responsibility of the U.S. authorities. Our endeavors concerning this case have been mainly directed at making it clear to U.S. and world public opinion that we [Cuba] had nothing to do with this horrible crime. The allegations of our government's involvement in the assassination were aimed at justifying a military invasion to overthrow the Cuban revolution."
